Consultation Only Referral

Clients are welcome to consider a “consultation only” visit to our specialist services. We will advise to the best of our abilities how to proceed with the patient and we will provide your own veterinary surgeon with a written report summarising our findings and recommendations. Please let our clinicians know if this is your preferred option.

If your pet is insured: please bring an insurance claim form to your appointment with the relevant sections completed and signed. Payment of your policy excess is required on the day of your consultation; please check your policy to see what this amount is. It is also advisable to check your policy limit for veterinary fees cover and exclusions.

If your pet is not insured: a 50% deposit of the upper estimated treatment cost is required. In all cases, payment is required upon discharge of your pet.
